Notice of Final Inspection

Date: February 13, 2012
Contract Name: Lower Duwamish Waterway Slip 4 Early Action **PW #:** 2011-001
Contractor: General Construction Company
Type of Work: Dredging & Cap Material Placement and Pier Demolition
Supervising Construction Manager: John Summers **Phone #:** (206) 684-5074

The Construction Engineering Section has been notified by the Contractor that all work on the above improvement has been performed and is ready for final inspections. You are invited to attend the final inspection at the time and date list below. Your comments regarding any contractual discrepancies are due at this office by the date below. If you have questions or need assistance in performing your final inspection, contact the Construction Engineer listed below. A combined final "Punch List" will be compiled by the Construction Engineering Section and formally transmitted to the Contractor to correct per specification. When all items on said punch list have been satisfactorily addressed, a Notice of Punch List Completion will be sent to you.

If no response is received from you or your representative by the below noted date, it will be assumed that you have no comments, are accepting the project as constructed, and are prepared to resume responsibility for the maintenance of those facilities within and adjacent to the project area in which you hold vested interest.
